Types of Auto Warranties

Manufacturer's Warranty

The manufacturer's warranty, often referred to as a Bumper-to-Bumper warranty, typically comes with a new car. It covers most parts and systems in the vehicle against defects in materials and workmanship. Duration: Usually lasts between 3 to 5 years or 36,000 to 60,000 miles.

Coverage: This is a comprehensive coverage that includes electrical systems, powertrains, air conditioning, and sometimes even things like upholstery or glass. Exclusions: Items like tires, brake pads, and routine maintenance services (oil changes, filters) aren't covered.

What's Not Covered Under Auto Warranties?

It's important to read the fine print because many items are excluded from auto warranties. These typically include: Routine maintenance: Oil changes, tire rotations, brake pads, and filters are generally not covered. Damage from accidents or misuse: If your car has been in an accident or you've neglected proper care (e.g., improper maintenance), repairs may not be covered. Wear and tear items: Components like tires, wiper blades, and belts are usually excluded. Modifications: If you've made modifications to your car that alter its performance or components, those may void the warranty.
